

# Industrial-commercial parking-storage yard

Low impact development, Low-environmental profile, portable, easily rehabilitated.

think about it ...

This is a temporary:

- ▶ Low-Environmental-Profile,
- ▶ Low-Impact-Development (LID),
- ▶ Better-Site-Design (BSD)
- ▶ Durable + Pervious + Longlived,
- ▶ Industrial storage construction project.

In a few years, when the permanent facility is ready:

- ▶ they will uninstall (pull up) the **StabiliGrid™** storage yard,
- ▶ return the land to its former native state (add a little top soil - maybe remove a few inches of gravel as/if needed - plow it and seed it),
- ▶ load the **StabiliGrid™** onto flatbed trucks,  
... and take their parking/storage area to a permanent facility.

# STABILIGRID™

Low impact development,  
low environmental profile,

portable + reusable + temporary,

pervious parking & storage yard.
